Competition – Current Sleep Apnea Devices

CPAP Mask / Nasal Pillow

- ▶ Difficult to use
- ▶ Compliance is problematic

Oral Appliance

- ▶ Uncomfortable
- ▶ Adverse effects on local structures

Our Solution: aerSleep™

**First fully
integrated
product that is
unlike and
better than
anything on the
market.**

- ▶ Integrated vacuum pump
- ▶ Comfortable
- ▶ Easy to use
- ▶ Preferred by user and bed partner
- ▶ Monitoring capabilities

Sleep Apnea – A Worldwide Health Problem

A faint, light blue world map is centered in the background of the slide, showing the continents of North America, South America, Europe, Africa, Asia, and Australia.

Prevalence

1B

Nearly 1 billion adults worldwide have sleep apnea. All races and geographies are affected.

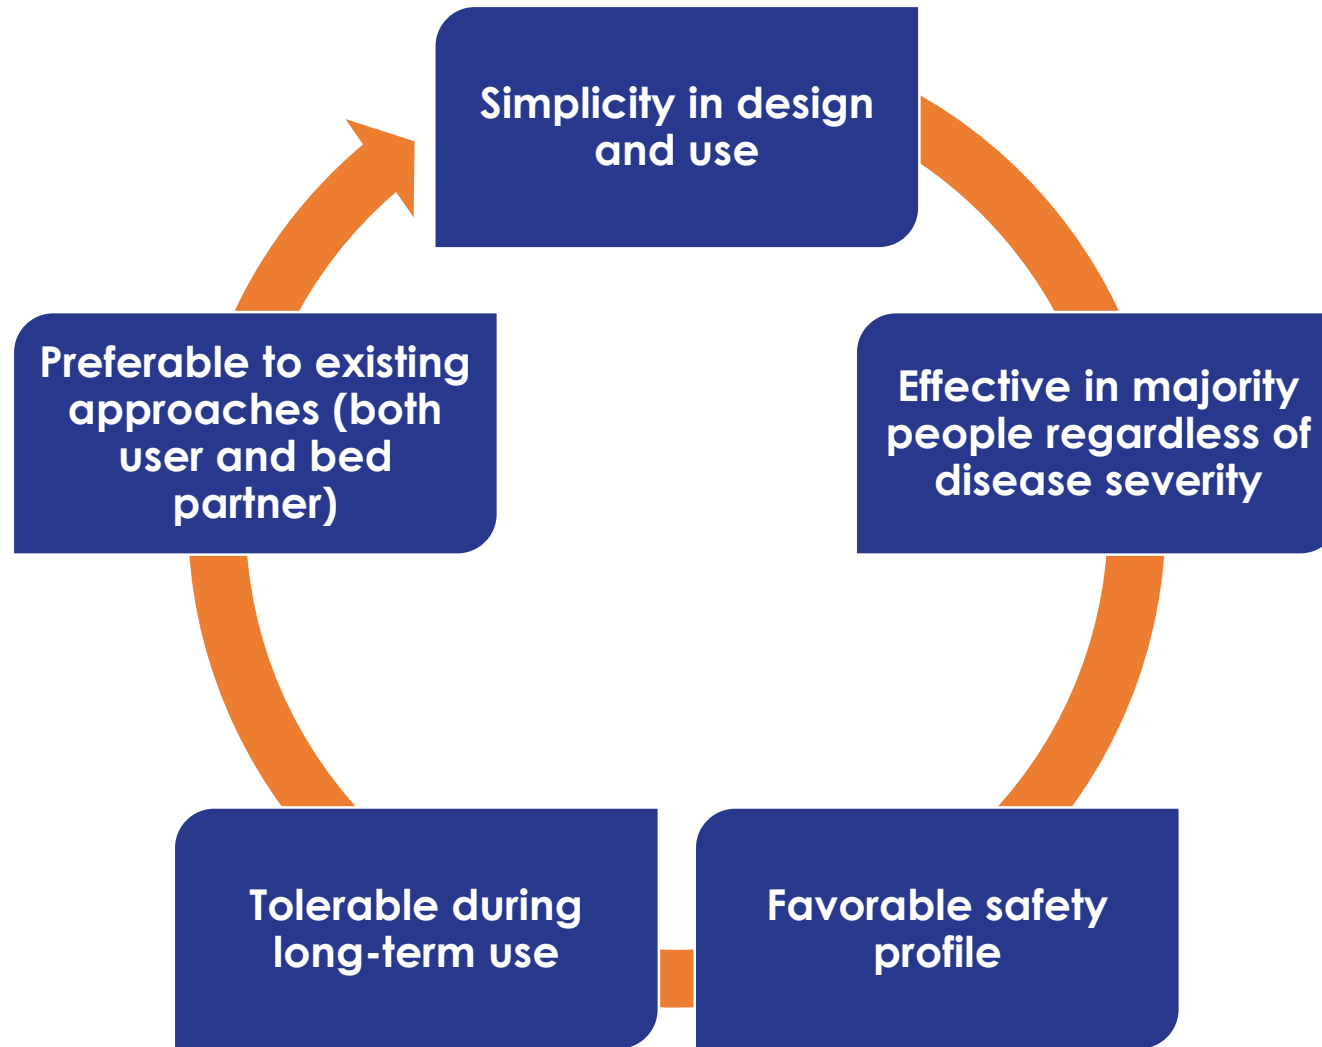

Sleep Apnea – Extraordinary Opportunity to Improve Healthcare

THE UNMET NEED

< 5%

Less than 5 percent are now
receiving adequate treatment.

Our Criteria for Product Success

Clinical Highlights

Completed **8**
sleep apnea
clinical trials
involving **164**
patients.

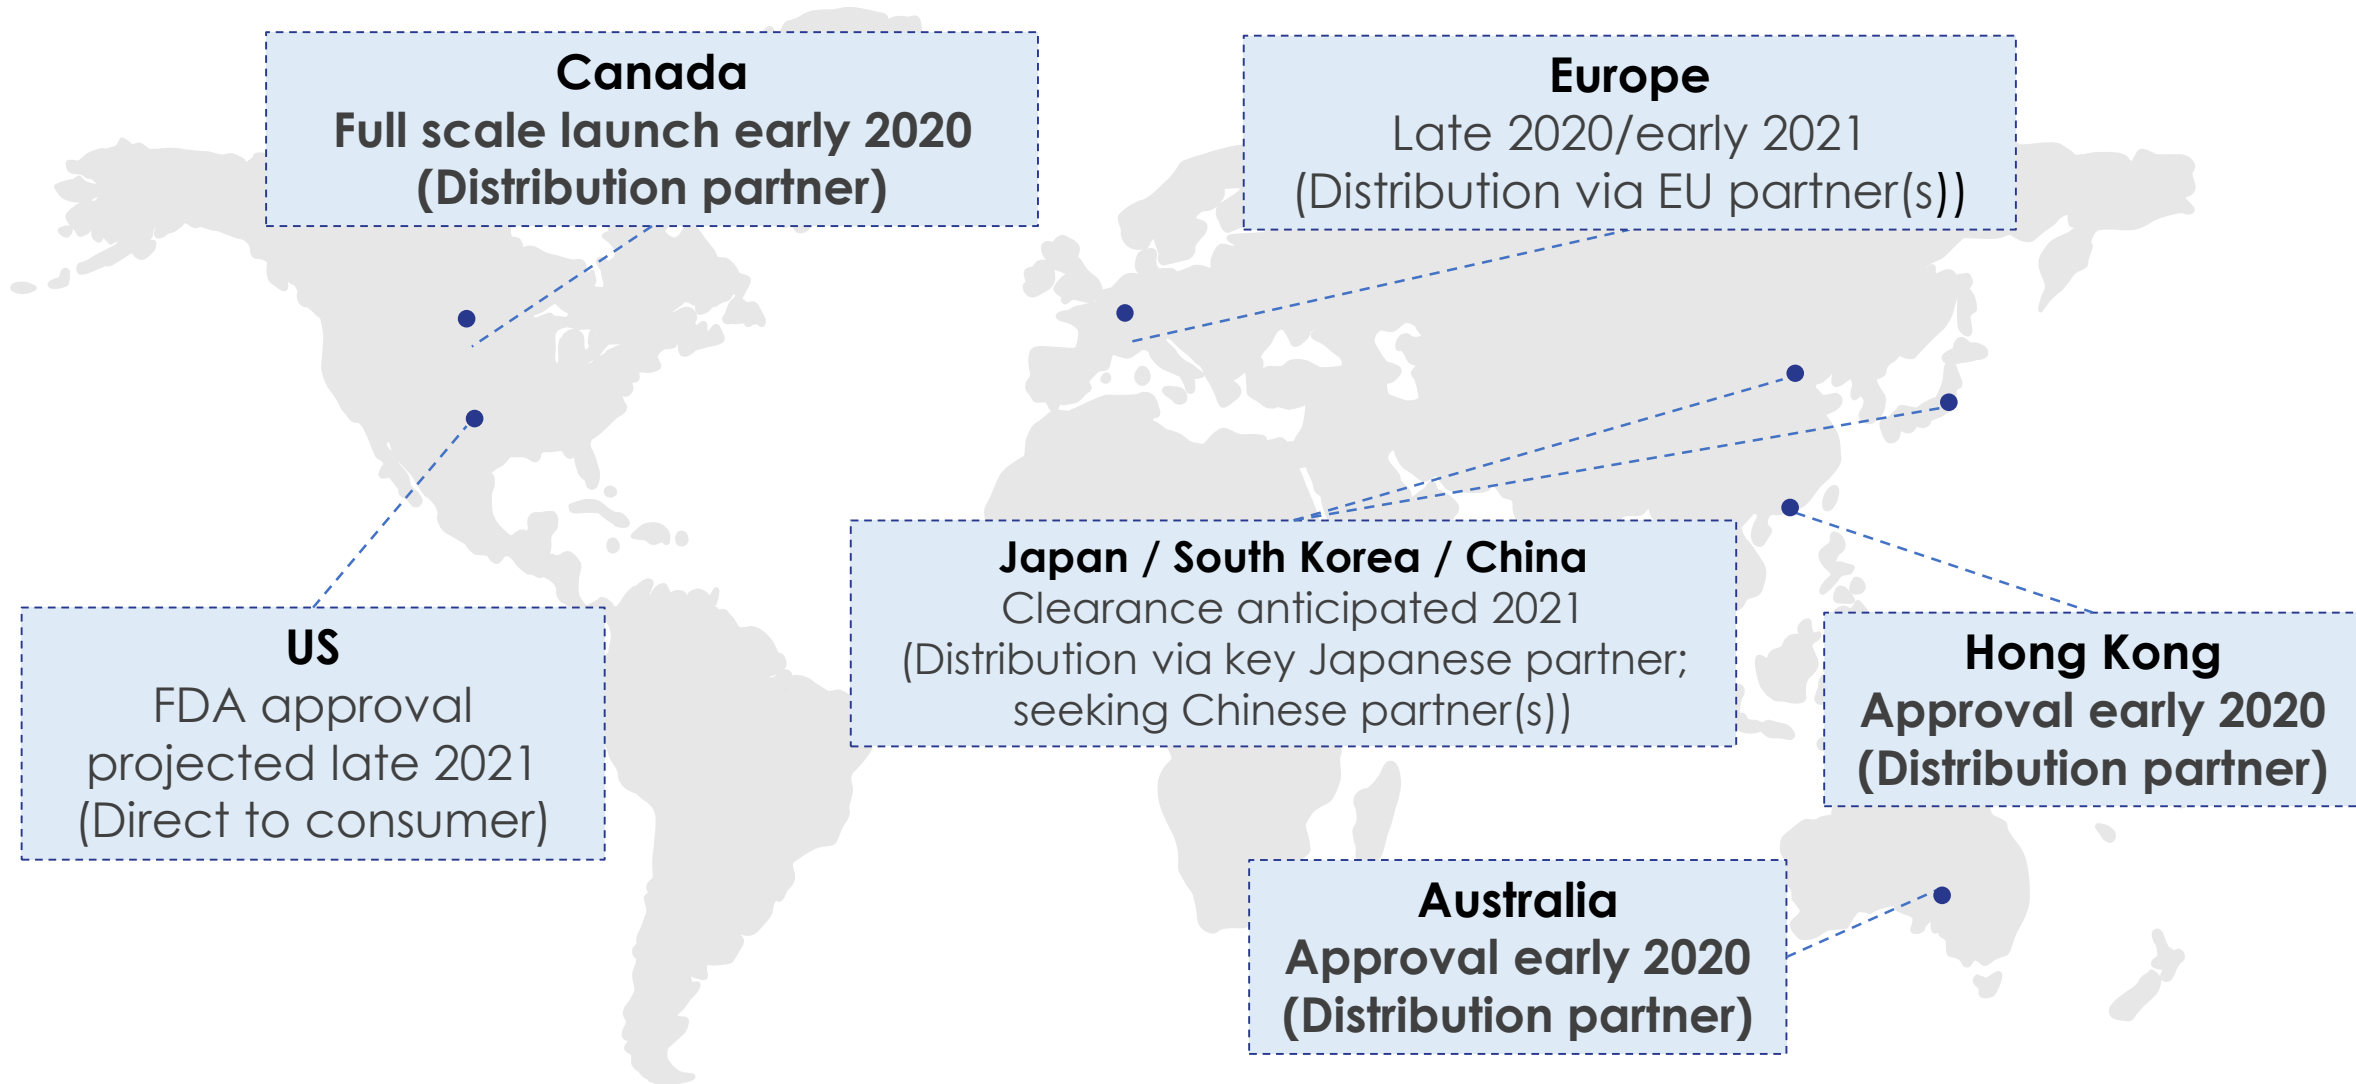

Technology
was effective
in **>70%** of
people with all
levels of
disease
severity. No
major safety
issues were
found.

After three
weeks of
home use,
76% of
patients
preferred
aerSleep™ to
their current or
previous
treatment.

aerSleep - Clinical highlights

	# subjects	Pressure (cmw)	Mean AHI at baseline	AHI on aerSleep
<i>U.S. Phase 2 studies</i>	44	-20 to -40	25.3	2.14
<i>Kram , J Clin Sleep Med 2017; 13: 1009</i>	15	-25 to -35	28.1	4.6
<i>Blackman, SLEEP 2019</i>	71	-20 to -25	26.7	6.6

Regulatory Status & Go To Market Strategy
